Mr. Klingenschmitt,

Please refrain from contacting me on any matter, now or in the future. I am a big fan of Mr. Keyes and am friends with people who have supported him and worked for him in the past. However I will no longer tolerate your baseless accusations against an organization I am proud to work for or your not so subtle digs at people I admire greatly.

Your actions reflect poorly on those you claim to represent.

[FRC VP #1], [FRC VP #2], Tom,

C-SPAN is reporting Alan Keyes is scheduled to speak at FRC.

[FRC VP #1], is this true? I don't understand why FRC falsely told C-SPAN Alan was speaking, when you specifically told us he is not yet invited to speak.

We can still fix this, before it blows up. What time do you want Alan there to speak today?
